

State of Vermont Enhanced 9-1-1 System

Application for "PRIVATE CITIZEN" DESIGNATION

Background/Instructions:

Vermont Law gives telephone customers in Vermont the opportunity to maintain the privacy of their name when making calls from their household for emergency assistance (police, fire, ambulance) using the statewide Enhanced 9-1-1 system. To prevent the disclosure of your name when a call is made to the Enhanced 9-1-1 system from your residence telephone number indicated on this application, then the head of your household should complete this form. Submission of your name using this form ensures that the Enhanced 9-1-1 Call-taker receiving an Enhanced 9-1-1 call from your telephone will **not** see the listed name associated with your telephone line. Instead, the words "Private Citizen" will appear. However, your telephone number and Enhanced 9-1-1 locatable address will be displayed.

Request for Private Citizen Designation:

I hereby certify that I wish to have the "PRIVATE CITIZEN" designation instead of my listed name appear at the Enhanced 9-1-1 Call-taker answering position(s) when a call is made to the Vermont Enhanced 9-1-1 system from my telephone number listed below. **I understand and agree that designating myself as a "Private Citizen" in the Vermont Enhanced 9-1-1 System may, under certain circumstances (such as in the case of a multiple dwelling house or apartment) make it more difficult for emergency personnel to respond to an Enhanced 9-1-1 call from my telephone.**

You must have your signature notarized for us to process your "Private Citizen" request.
